beautiful flowers, among which was a morning, handsome floral ship from the Tammany

Croker held an informal reception, a brother. large number of personal and political friends visiting the steamship to pay their respects to the Tammany leader. Among them were Mayor Grant, ex-Mayor Edward Murphy, of Troy, ex.Judge Holme, George Croker, Deputy Commissioner Bernard Martin, Lawrence Delmour, Civil Justices Mitchell and Moore, Gen. Spinols, Wauhope Linn, Deputy Street Cleaning Commissioner Dalton; John Long, ex-Senator John J. Cullen, Deputy Chamberlain Campbell, Michael J. Daly, Commissioner Sheehy, ex-Excise Commissioner Nicholas Haughton, Deputy Coroner Jenkins, Warden Fallon of Bellevne Hospital and Police Justice O'Reilly. Mr. Croker was apparently as chipper

as a school boy starting on his vacation. He chatted good-naturedly with an Even-

Inc chatted good-naturedly with an EvenInc Wost.D reporter for ten minutes, and
spoke as if he was at pence with himself
and all mankind.

"Yes," he said, "we came aboard last
night, because it would have been too
early to have got the children up in time
at home this morning. They are all sound
asleep inside now. Children can sleep in
almost any strange place when they have

asleep inside now. Children can sleep in almost any strange place when they have their mother with them.

"I sleet pretty well myself last night, and feel tip top this morning considering my very recent ill health. We will go urrect to fieldelberg upon our arrival at Hamburg, and I will place myself under the care of the specialists who were giving me the galvanic treatment when I came home to testify before the Fassett Com-mittee.

"Unless Mrs. Croker changes her mind she will remain abroad until the Spring, when my two sons who are at school in Heidelberg will complete their "It is my intention to return to New

"It is my intention to return to New York on the steamship City of Paris, which leaves the other side Sept. 3, and then I will be on hand before the political campagn opens in earnest."

"What about the Fassett Committee?"

"Well, now, I really haven't anything to say about that committee. Of course, every sensible person is now thoroughly convinced that it was seeking to cast discredit on I ammany Hall.

credit on l'ammany Hall.

"Did it accomplish its object? I guess not. Tammany stands in a better light than ever after that investigation, and I guess that none of the individual members of that organization have been injured in any reverse.

for underclothes on the way over. I can manage myself all right.

"The captain is about my size. Mrs. Oroker will manage all right, no doubt, but it is very disappointing to be left in

this matter.
"See, here is my receipt for the trunks, so that there can have been no mistake in the directions. These express people should attend to their business better than this or (laughing) be investigated."
"Gov." Oliver, of Paradise Park, with two handkerchiefs tucked under his chin to catch the streams of perspiration pour-ing from his head and face, rushed about to see it the expressman wouldn't show up in time.

up in time.

The steamer waited nearly ten minutes for Mr. Croker's trunks, but the wait was

The anunal Summer-night's festival of this morning. Tabernacle with Scandal.

Sues Her for Absolute Divorce.

Scandal has kindled a scorehing mid man, and Mary, his good wife, has been summer torch in Talmage Tabernacle

Staterooms 10 and 11, which they occupy marked by the pistol-shot that violently Annie Wood, Jaughter of the Tabernacle's state when an Eventso Worto reporter on the ocean voyage, were filled with took away his little life yesterday treasurer, to Charles H. Barnum, a saw her this morning in the Barge Office Maiden lane jeweller, the nuptials were hospital. Neither father nor mother could speak made the occasion of elaborate cere. She was fearful that she might get into Hall General Committee of the Twenty- of the sad mishap by which this old and monials. Fourthousand people witnessed trouble on account of her free ocean

> groom that he was not a monopolist of America. Mr. Darnum's spirit was vexed by find-

coming up to the warranty of "all wool

and a vard wide." This little difficulty was patched up, but the climax to the tribulation of the appeared husband came when his wife, while they were out walking together, bowed to her epistolary street corner friend. This, as A. Ward says, was "too mutch," and the couple came to a parting in the matrimonial ways. They have not since lived together, and do not speak as

is prostrated, and the little household, so happy at yesterday's sunriso, is the saddest place imaginable.

"Sir," said Jacob Rappold, struggling against his grief. "I visited Germany twenty, three years ago, and I bought that pistol them for my own protection. I have never had any use for it, and for eighteen years it has been in the bottom of that old trunk.

"On it were piled newspapers, which I had saved for the accounts of great events, like the death of King William, Univer Fritz, Cleveland's great tariff message, and the Brooklyn Tabernsele tion to cause her indictment and prosecution for bigany.

weents, like the death of King William, Unzer Fritz; Cleveland's great tariff message, and the Brooklyn Tsbernacie fire. The trunk was nearly full of old papers.

Freddie's silver fork and spoon were also in the tunk, and my dear wife, having to go to it for money, left the key in the lock. It was the first time that ever occurred.

"Freddie, always awakening an hour before any of his seven brothers and sisters, searched in the trunk for his fork and spoon. How he found the pistol I don't know. He crowed over the prize and swakened Georgie."

Food Georgie:

"Georgie, seared very much, leaved out of bed and took the pistol away from Freddie, but in returning it to the trunk it it struck something, went off, and"—

Rappeld's frame shook fike an aspen as he waved a hand towards the little coffin. Then he buried his face in his hands and was convulsed with grief.

Then he buried his face in his hands and was convulsed with grief.

Then he buried his face in his hands and his right ear hanging out upon his cheek. She clasped his clubbly form in Now, he says, she is married, legally and the shook he says, she is married, legally and the rand to find Freddie bleeding and his right ear hanging out upon his cheek. voyage, or might have to return on the The dove of happiness roosted in the next White Star steamship, but was perin a great fright, got up from his bed to Barnum homestead for nearly a twelve- sistent in her denial that she was a month. Then it was borne in by the "stowaway," or that she boarded the raven of jealousy upon the young bride- Teutonic with the idea of coming to "Sure, I didn't mean to come," she

said with a rich brogue, " but now that ing as he alleges, that his beautiful bride
ing as he alleges, that his beautiful bride
was in epistolary and personal correspondence with a young man to whom he
had never even been introduced.

He found on Anuie's writing desk, he

Tim here I don't want to go back. If
some kind had would only hire me to
mind her children I would like it and
maybe I could earn enough money to
bring over Josic and my husband."

Josic is Mrs. Jones's sixteen-year-old

says, a letter to the fresh young man, appointing a meeting on a street corner, so he returned his wife to her father as not war's man, but now without employ-

ment.

The other members of the family are Sallie, aged twenty, and Dick, aged eighteen. Sallie is a chambermaid at the New York Hotel, at Broatway and Waverley place, and Dick, when last heard from, was employed by a gentleman in Philadelphia.

delphia.

It is supposed that her desire to see Sallie and Dick brought Mrs. Jones to this country. She had not heard from Sallie since Christmas and had become very anxious.
This, however, is the way the mother explained her coming to America.

"I was worried most to death about Sallie and wanted to come and see her, but I couldn't because we were very poor,

ship, sir, with some of my acquaintances, sir, and while we were looking around the

sir, and while we were looking around the big vesser I got separated from them.

"I didu't know they had left the ship and before I knew it, the ship had started an' I was carried away.

"But I didn't mean to come, sir, indeed I didn't. Of course I wanted to see Sallie, but upon my soul, sir, I had no intentions of coming when I went aboard the ship.

Sallie was sent for last night by Col. Webber and had a short interview with her mother. She seemed glad to see her but exclaimed:

but exclaimed:
"Oh mother! What made you come?

"Oh mother! What made you come? You can't get along here and you'll have to go back."
"Why can't I get along here?" responded the mother. "I'm stronger than you an' can work. I couldn't help coming, but now that I'm here I don't want to go back."
It is this determination not to go back. It is this determination not to go back that makes Col. Webber sure that Mrs. Jones was a voluntary stowaway. He is somewhat undecided what to do, but will orobably send her back next Wednesday on the Toutonic unless some kind benefit factor interests himself in her behalf.

Mrs. Jones was kindly treated on the Toutonic and furnished quarters in the steerage after she had coolly informed Purser Russell that she had no ticket or money. She was seasick for five days of She was seasick for five days o

money. She was seasick for five days o the trip.
She was positive that her husband and Josie would not worry about her, but in-sisted that they did not know she was going to America when she left home "Some of the people who visited the ship have probably told them before this that I was carried away," she explained.

Comes Torough the Great Conduit.

Through a Leak.

Only about 30,000,000 gallons of water flowed into the Central Park Perervoir from with thirteen inches yesterday. But this additional draft on the Croton

Lake was sufficient to draw that reservoir down four inches, and that despite the fact | 7c. and 9c. per yd.; worth 10c. COTTAGE DRAPERY, o make up the deficiency occasioned by this extra demand. The Boyd's Dam Reservoir was drawn

about an inch yesterday and the Middle Branch nearly an inch and a haif. If a greater amount of water is not drawn through the new aqueduct daily than was applied yesterday it will take more than so weeks to fill the Central Park Reservoir. ch is the purpose of the Public Works

partment, hier Engineer Fieley, of the new aque-t, appreciates this fact and is desirous of ring the reservoir filled as soon as pos-le, so that he can get at the work of re-To that end he directed Division Engineer Gowen to increase the flow of water, which was done at 0 clock last night, and the water is now reshing through the great conduit at the rate of 40,000,000 gallons a day. The increased volume will begin pouring into Central Park this afternoon, fully twenty-one hours being required for the water to traverse the entire length of the lunnel.

One of the state of the

One of the places which this test has One of the places which this test has shown to need considerable repairs is shaft No. 24 on the cast bank of the Harlem Rivor, where the tunnel plunges 300 feet beneath the stream.

Here there is a a very considerable break, but the exact amount of vaste cannot be determined, although it amounts to thousands of gallons which flow into the Harlem.

sands of gallons which flow into the Harlein.

Shaft 24 was built by Contractors O'Brien
& Clark, and the masonry is lined throughout with east-iron piping 48 inches in diameter. The sections of pipe are joined with
lead calking, and it is thought that the
water which is cozing out of the hillside
comes from defectively leaded joints.

As soon as the water is shut off every joint
in this shaft will be thoroughly examined
and the necessary repairs made.

Ten millions of gallons in excess of the
former supply are still being sent down the
east side of the city, and the great mains in
Mott and Elizabeth streets are for the first
time filled and under pressure, so that the
people in the tenment house districts are

people in the tenement house districts a not compelled to pump from them as fo

merly. When the reservoir is filled this suppl will probably be cut off in a measure so that the draft on it will not be so great as to reduce it to the low level which has been main tained for months.
